

HON. DWIGHT HALL SPEAKS AT N. H. COLLEGE

NEW HAMPSHIRE COLLEGE, Durham, July 9:—The women attending the citizenship school at the State College this week were told last evening why they should join the Republican party. Major Frank Knox of Manchester presided at the meeting Dwight Hall of Dover, chairman of the Republican state committee, made a brief speech, and Mrs. Mary Brewer of New York set forth the principles of the Republican party. Mrs. Brewer was a candidate for the state senate in the 24th New York district last November. She ran 1600 ahead of Governor Whitman, outran any Republican candidate in both her counties and carried one of the counties.

She said, "The Republican party is the party of the laboring man. Hard times and panics come in Democratic administrations but never in Republican administrations. The Republican party believes in legislating for the nation and through it the people, which means prosperity for the people. The Democratic party legislates for the individual and the nation is left to shift for itself, a policy which affects the tariff and every other national issue. The Republican party did not come into existence in 1856 but in 1779 when Alexander Hamilton framed the platform which later became known as Republican. The party of Hamilton, Lincoln and Roosevelt is good enough for every American citizen."

Tomorrow evening the Democratic party will have its chance at the women with Alexander Murchie of Concord; chairman of the Democratic state committee, and Mrs. Antoinette Funk as speakers.

Mrs. Ellis Meredith spoke this afternoon on the evolution of modern government, explaining that the present day "heresies" of initiative, referendum and recall were in force in the early Greek government. The first pure food law was the bread and beer law of early England she said, and there is now in force in this country, except in those states which have repealed the common law or where the civil law prevails, a statute forbidding "excessive toll contrary to the custom of the realm." A statute she said which should be called to the attention of the packers.

Mrs. Trueworthy White of Boston sounded a call for ideals of service in a speech based on "the results of victory; shall they be fruits or spoils?"

Miss Marjorie Shuler of New York spoke on the national citizenship work for which the League of Women Voters has been organized. She said, "The problems of reconstruction face men
