## ONE ENGINE IS BROKEN DOWN

British Dirigible, However, Is Able to Continue Her Trip Across

LONDON, July 11.—The R-34 at 8:30 o'clock this afternoon, Greenwich time (10:20 a. m., New York time), had reached 46 degrees, 32 minutes north latitude, 38 degrees, 35 minutes west longitude. One of the airship's engines has so completely broken down, the message said, that it was proposed to land at East Fortune.

The above report indicates that the R-34 has covered approximately 1500 miles of her journey to Scotland, since the last previous report the speed of the dirigible has slackened to about 43 miles an hour, due probably to the broken down engine. The airship's course as given in the 2:30 o'clock Greenwich time report is about 25 miles north of that given in the previous message.

Old Harmony Slogan—Natt Martin Out of Running—Gordon Woodbury's Prospects—Jameson and Stevens Possibilities—Reed Mentioned.

(By a Staff Correspondent.)

CONCORD, July 11.—Although the leading Democrats of Concord are of the opinion that it is a little early in the game for political activities to take on "full speed ahead," yet they are unanimous in the statement that there is an unusually number of strong possibilities for general, congressional and gubernatorial honors. They are fully awake to the fact that there is an election coming which is particularly evidenced by the words of one who said: "Harmony will be the slogan and there will be no contests."

Interesting Features.

Many interesting features have developed since last election. The most important is the out-and-out statement of Nathaniel E. Martin who said in an

interview with a Union-Leader representative that under no circumstances would he be a candidate for governor again. This will no doubt come as a surprise to the party leaders (themselves as well) as he was the probable choice for the office by his Democratic colleagues in the capital city.

Mr. Martin was defeated in the last election by Gov. John H. Barrett by a plurality of 8,350 and a majority of 2,852.

In his statement, Mr. Martin said that he did not seek the nomination in 1918 and that had he been elected it him as his law practice had assumed such proportions that it required his entire attention and that he was
